Pre-conference Workshop:

**Developing Your Campus-wide Retention Plan**  
*Presented by: Timothy D. Culver, Associate Vice-President, Retention Consulting for Noel-Levitz*

Higher Education professionals have quickly learned the value of incorporating a retention plan into the institutional strategic plan. This interactive workshop will provide a discussion of the goals for and benefits of retention planning. Participants will learn a step-by-step process to lead them through retention planning initiatives on their respective campuses.

Participants registered for the National Symposium on Student Retention may elect to attend this workshop. A fee of $75 will be charged for this pre-conference program for those registered before Sept. 1, 2005 and $100 after Sept. 1, 2005.

CEU units will be made available for this workshop.
